DETAILED ACTION

Allowable Subject Matter

Claims 1 – 11 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 1, 7, 8, and 10, the prior art does not disclose the use of a means for examining a sub-band signal with regard to periodicity by an autocorrelation function, wherein a delay is associated to a peak of the autocorrelation function, wherein an ambiguity of a delay is reduced, by adding an integer fraction to the signal portion, and the integer fraction is determined by dividing "1" by an integer. Regarding claims 9 and 10, the prior art does not disclose the use of examining an audio signal with regard to a periodicity wherein a delay is associated to a peak of an autocorrelation function by subtracting a version of the rhythm data weighted by a factor unequal to one and spread by an integer factor larger than one.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
